

EPA 13122016 Release Notes - Integration of latest DecouplingClient

EPA 13122016 Release Notes:

This is small increment to solve an problem in the DecouplingClient

Software Changes:

- NumberFormatException was thrown in the DecouplingConverter when converting PricePoints in the usageComplete operation. This was likely introduced due to the upgrade of the DecouplingClient in the last release on 12122016.
- None

Deployment Process Changes:

- None

Further Notes:

- None
